Arvato Systems

Dear Ladies and Gentlemen,

The cloud-based SAP Business Technology Platform (SAP BTP) combines application development, automation, data management, analytics and planning, integration and AI capabilities in a unified environment optimized for SAP applications. Learn more about how you can use SAP BTP to respond to modern requirements, redesign or create new business processes to achieve your Digital Transformation goals.

Also, read why customer acquisition and retention is the key to business success.

And finally: Thank you for your interest in "Commerce Spotlight", our retail and consumer goods industry newsletter. We wish you and your family relaxing holidays, a happy New Year and all the best for 2024.

Kind regards,

Your Commerce Spotlight Team
